## HOW TO CHOOSE A SWING GATE

Model number code SCG-(N=narrow, W=wide)-(Y=yellow pc, G=galvan'd,S=stainless)

### SCG-N-Y

**SCG**=Self Closing Gate, N=narrow, Y=powder coated yellow.

1. Determine the opening that the gate is needed for. EGA narrow gates (-N) are adjustable for 16 to 26 inch openings. EGA wide gates (-W) are adjustable for 24 to 40 inch openings.
2. Determine the finish that is appropriate for your environment. EGA Gates are available in Powder Coated yellow (-Y), Galvanized (-G) or Stainless Steel (-S)
